CAREER OBJECTIVE

Web Development Enthusiast and Computer Engineering graduate aspiring to build a career as a Full Stack Web Developer. Seeking an opportunity to apply my skills in React, JavaScript, Node.js, MongoDB, REST APIs, and modern web development to build responsive and user-friendly applications. Looking to contribute to real-world projects, collaborate with experienced developers, follow best development practices, and grow in a technology-focused team environment.

EDUCATION

Bachelor of Technology in Computer Engineering 07/2024 – Present | Rajkot, India
RK University
Current CGPA 8.58

Class XII (HSC) 06/2022 – 03/2023 | Rajkot, India
Shree S.V Virani High School
Percentage 61.2%

Class X (SSC) 04/2020 – 03/2021 | Rajkot, India
Shree Khodiyar School
Percentage 84.8%

PROJECTS

HealthSense AI | Health Tracking & Risk Prediction 08/2026 – 09/2026

- Developed an AI-powered health platform for tracking vital health metrics, calculating health scores, and providing personalized health insights.
- Integrated a Machine Learning-based diabetes risk prediction model using FastAPI with a MERN Stack application, along with fitness and meal planning and health report generation.

The Blog Hub | (Articles – Podcasts – Resources) 12/2025 – 04/2026

- Built a full-stack blogging platform enabling content publishing, management, and an enhanced reading experience for users, authors, and administrators.
- Implemented the MERN Stack with Vite, incorporating JWT authentication, RESTful APIs, and a responsive user interface.

SKILLS

Programming Languages: Java, JavaScript, Python

Frontend: HTML, CSS, Bootstrap, React.js

Backend & Databases: Node.js, Express.js, RESTful APIs **&** MongoDB

Tools: Git, GitHub, Postman, VS Code

Deployment: Vercel, Render, Streamlit Cloud

Core Concepts: Data Structures & Algorithms, OOPs

ACHIEVEMENTS & CERTIFICATIONS

- Achieved 3rd Rank during the 3rd Semester of B.Tech. in Computer Engineering, securing an SGPA of 8.80.
- Completed "Sigma – Web Development" course by Apna College, building strong foundations in full-stack web development and modern web technologies.
- Completed "Trust and Security with Google Cloud" course by Simplilearn, building foundational knowledge of cloud security and trust concepts.
